STAINLESS STEEL

DIGS LIKE NO OTHER

The Mantus Anchor is designed to penetrate dense grassy bottoms and set with unparalleled holding power. When tested, our anchors set faster and deeper than any other anchor tested, including Rocna, Manson Supreme, Bulwagga, Fortress, Bruce, CQR and Danforth anchors

EASY TO STORE

The Mantus anchor lineup simply has the best boat anchors available. Whether you are a long range cruiser, racing or going out for a day sail. The Mantus breaks down for easy storage, so you can store one or two as spares without taking up much needed boat space

BUILT STRONG

Shank and shank boot are welded from top and bottom

Shank and roll bar are bolted to the fluke

ASTM certified bolts are oversized with a large margin to ensure safety

Although the shank is attached to the fluke with 4 bolts, a single bolt has sufficient strength to handle the maximum expected load on the anchor

316 stainless steel fasteners

Stainless Steel anchors are made of 316L Stainless and hand polished to a # 7 finish

Sharp-headed nose is precision machined to achieve the perfect chisel shape to achieve maximum penetrating power

LIFE TIME WARRANTY

Mantus Anchors offers a lifetime warranty on its boat anchors.
